RE: Letter to Vendors and Customers

**DRIVE PRODUCTS RETURNS TO REGINA, SASKATCHEWAN
AND ACQUIRES DYNAMIC MOBILE POWER SOLUTIONS**

We are pleased to announce that Drive Products has acquired Dynamic Mobile Power Solutions in Regina, Saskatchewan.

This new and exciting opportunity allows Drive Products to return to the province of Saskatchewan and be reunited with some familiar faces. Operating out of Dynamic's existing facility, we will continue to support their valued customer base as a Drive Products branch. Some of those familiar faces are Pat Buxton, Darren Loydl, and Murray Wingrove who will continue in their current roles and assist in the transition and integration into Drive Products.

288 Hodson Rd. Regina SK S4N 5X4 Canada

Branch Phone: 306.359.3677

Drive Products-Regina is an important addition to our growing national footprint by extending our support to our national accounts while also providing improved support for our regional customer base in Saskatchewan. As part of the transition, the plan is to ensure our core competencies and key products and services are offered out of this location including; PTO & Hydraulics, Bulk Transport, Driveline, Distribution and Upfit of Truck Bodies & Equipment, Snow & Ice Equipment & Control systems, and related Truck Accessories such as Winches.

Please note: Drive Products will manage all accounting, administration and business matters moving forward.

More information:

Remit to 1665 Shawson Drive, Mississauga, ON L4W 1T7
