

## PRESS RELEASE - DRIVE PRODUCTS PARTNERS WITH ELLIOTT EQUIPMENT

JUNE 9, 2026

Drive Products is pleased to announce the addition of Elliott Equipment to our growing utility and infrastructure equipment portfolio.

As part of the Stellar Industries family of brands, Elliott builds upon an existing and successful relationship between Drive Products and Stellar. This expansion strengthens our ability to deliver industry-leading utility and construction equipment solutions backed by local service, support, and upfitting expertise.

The Elliott lineup complements our existing utility offering and includes:

**Elliott Digger Derricks** ranging from 47' to 115', including insulated models up to 100', featuring some of the industry's best load charts.

**Elliott Hi Reach Aerials** from 145' to 190', with insulated utility models reaching 210'.

**Elliott Boom Trucks** ranging from proven 18-ton models to 45-ton units with over 200' of tip height.

The addition of Elliott further reinforces Drive Products' commitment to providing customers with a comprehensive portfolio of utility, telecommunications, electrical distribution, construction, sign and infrastructure equipment solutions.

Combined with our national footprint, manufacturing capabilities, upfitting expertise, and aftermarket support, Drive Products continues to invest in products and partnerships that help customers build safer, more productive fleets.

*Note: Elliott Equipment distribution territory is limited to Ontario East under the terms of the distribution agreement.*
