# MANUFACTURING

**TILLSONBURG**

**TILLSONBURG**  
*EXPANSION PROGRESS*

**WINDSOR**

**MORDEN**  
*EXPANSION PROGRESS*

Drive Products – Manufacturing Division boast 3 state of the art manufacturing facilities with combined over 200,000 sq.ft. of manufacturing space. All our facilities specialize in premium aluminum manufacturing with CWB (Canadian Welding Bureau) certification ensuring our manufacturing process maintains the highest quality products at every stage.

Our facilities follow strict quality guidelines required in ISO certification or equivalent accreditation. Our manufacturing process is robust and follows rigorous quality testing and welding practices on every component of truck bodies, and equipment that we build. In combination with our engineers, skilled trade employees and cutting-edge technology (laser, punching, CNC milling, CNC press brake, manual and robotic welding, zinc plating, e-coat, wet paint and powder coat). Drive Products – Manufacturing Division is set to meet the demands of North American market.

In 2022, we are set to complete expansion projects at our Tillsonburg and Windsor facilities as well as a new facility in Morden, Manitoba.

## NATIONAL FOOTPRINT (TOTAL AREA: 800,000+ SQ FT)
